

LOUNGE

Imagine a place at your office where you could feel at home. Where you can take a break, drown in your own thoughts or indulged in a conversation with your colleagues while drinking a cup of coffee.

While creating Lounge, our aim was to focus on the design but always taking into account the colors and ergonomics which will allow you best to relax. Dark grey backs and seats combined with the vivid available colors of the cushions (either blue, green, red, turquoise, orange or fuchsia) will ensure the warmest comfort while matching the style of any modern space.

But it is the user who creates the chill out zone. Its modular system allows to customize the Lounge area to one's own needs.

Lounge zone is the best investment in employees.
